Peter & Kevin, I wanted to take a moment and acknowledge the great job Mark and his crew have done here at Plastonics. As you are aware they are installing new lights throughout our plant and due to the environment it is not an easy task. We have tight spacing and much of the area is very dusty and dirty due to the nature of our business. Initially I had great concerns over possible contamination issues and production interruptions but Mark has been incredibly pro-active and helpful. We have had constant

Has been on time, friendly, respectful, organized, hard working and clean. I would not hesitate to recommend your company to anyone and I feel Mark deserves a special acknowledgment. Thank you for the great work.
